

# Debt Repayment Plan

This debt repayment plan is intended to help you work toward paying off your debts. Under the column titled creditor, name the debt you owe. In the next columns, write the day of the month the payment is due, the current balance of the debt and the interest rate. In the next column, write down the minimum payment of the debt, and finally the actual payment you are making on the debt. This plan has multiple tables so you can keep track month after month.

Another great resource in paying off debt is <https://powerpay.org>. This website is very user friendly and is great to help you find the most efficient way to pay off your debts while spending the least amount of money possible.

Creditor	Payment Date	Balance	Interest Rate	Minimum Payment	Current Payment

Creditor	Payment Date	Balance	Interest Rate	Minimum Payment	Current Payment

Creditor	Payment Date	Balance	Interest Rate	Minimum Payment	Current Payment
