

Cooperator Responsibilities

1. Provide the intern with the opportunity for meaningful educational experiences.
2. Guide the intern's experience through regular counseling and evaluation.
3. Describe potential workplace hazards and insurance coverage. The Department of Animal Sciences does not assume liability for injuries during a student internship.
4. Participate in the evaluation of the intern.
5. Contribute to the internship program by suggesting ideas for improvement to the internship coordinator.
6. Meet all responsibilities as outlined in the Internship Agreement Form.
