

Title

North Dakota Pharmacy Refresher for the Respiratory Virus Season

Course Description:

This educational session will include updates on influenza for the 2024-2025 season, including changes in formulation. It will update pharmacists and pharmacy technicians on vaccines to prevent seasonal respiratory viruses and how to recommend appropriate vaccinations based on patient demographics.

Learning Objectives:

Upon successful completion of this knowledge-based course pharmacists should be able to:

- 1. Review the changes in influenza vaccine formulation as recommended by the Advisory Committee on Immunization Practices (ACIP).*
- 2. Discuss how to recommend an appropriate vaccination to prevent seasonal respiratory disease based on patient demographics.*

Upon successful completion of this knowledge-based course pharmacy technicians should be able to:

- 1. Review the changes in influenza vaccine formulation as recommended by the Advisory Committee on Immunization Practices (ACIP).*
- 2. Identify respiratory virus vaccines indicated for the 2024-2025 season.*
