

IMPROVING ENVIRONMENTAL EDUCATION ACROSS NORTH DAKOTA

Project Learning Tree Facilitation Workshop May 21-23, 2024 | Bismarck, ND

Join us for this exciting leadership workshop that teaches strategies for using Project Learning Tree (PLT). This opportunity is perfect for PreK-12 teachers, university professors (especially those teaching preservice education students), informal educators, natural resource professionals, and leaders who work with kids, who want to help others learn how to bring environmental education into the classroom.

Participants are introduced to numerous environmental education curricula guides and activities that are designed to challenge students. These lessons also correlate to new science, social studies, language, and math concepts. Upon completion of this workshop, participants will be certified as a PLT facilitator and will be able to host their own training opportunities.

REGISTER NOW

Deadline: April 15, 2024

This training is being offered at no cost to attendees thanks to a 2023 Education Grant from the Sustainable Forestry Initiative.
