

MEMO TO: All Agencies/Institutions

FROM: Darko Draganic, Director
State Fleet Services

DATE: December 1, 2024

SUBJECT: Rental Rate Adjustment

State Fleet Services has reviewed the rental rates and adjusted them to reflect the most recent cost of operation. Please review the entire document to see how the changes will affect your agency. The attached rental rates are effective **December 1, 2024**.

Here are some explanations of what costs the fleet has experienced. We have continued to see a downward trend in the overall rental rates across most vehicle groups. This can be attributed to the lower operating rate across the board. Our operation rate is comprised of a multitude of factors and our most recent ability to lock in lower fuel costs has lowered our operational cost.

We have noticed an uptick in speeding violations while operating State Fleet (SF) vehicles. Please reminding your users the utmost importance of following all traffic laws while in operation of a SF vehicle. Additionally, it is important that we proactively schedule maintenance on all fleet vehicles to ensure a safe and well running fleet.

Thank you for sharing the above information with all your State Fleet users!

The State Fleet Team wishes you and your agencies the best and we are grateful for the opportunity to continue supporting your fleet needs.
