

RESEARCH DEVELOPMENT

The mission of the Research Development (RD) unit is to enhance NDSU's ability to compete for external funding by providing resources, training, and assistance related to developing successful research programs.

RD Services

Development

- Initiate development activities for new faculty related to research and grants.
- Organize workshops and training, including proposal development and new faculty sessions.
- Coordinate funding agency visits to campus.

Finding Funding

- Distribute funding opportunities via email, RCA newsletter.
- Coordinate limited submission grant programs.
- Facilitate internal funding programs.

Proposal Support

- Assist with large multi-disciplinary grant proposal development.
- Work with department- and college-level grant coordinators.
- Develop resources and tools for researchers and grant seekers.
