I-94 Arrival/Departure Record Retrieval

Upon your arrival to the United States, a U.S. Customs and Border Protection (CBP) officer stamps your travel document (usually your passport) with your admission date, the class of admission, and the date that you are admitted until. For F-1 and J-1 students and dependents, this date will show as "D/S" or Duration of Status. As you enter, an electronic record of your arrival to the United States was generated by CBP. This electronic record is called the "I-94 Arrival/Departure Record" and is most commonly referred to simply as the "I-94." Please note however that paper I-94 cards are still issued at land border ports of entry.

Question	Answer
Why do I need to make a copy?	The electronic I-94 number proves your legal entry to the United States. It is assigned to each traveler to document arrival and departure from the U.S. <ul style="list-style-type: none">• Keep a copy for yourself• Be sure to provide another copy to the International Student and Study Abroad Services (ISSAS) office along copies of your other travel documents such as copy of your entry stamp and visa in your passport.• Also retrieve copies of the I-94 numbers for each of your dependent family members
How do I retrieve my I-94 admission number?	After entering the U.S., you must go online and retrieve your I-94 number and print it out—keeping for your permanent records. You must do this EACH TIME YOU TRAVEL. → To retrieve your I-94, go to www.cbp.gov/i94 .
What information must I provide?	<ul style="list-style-type: none">• Last/Surname (Family Name) and First (Given) name - As it appears on the travel document used to enter the United States.• Birth date – Enter the date of your birth in the MM/DD/YYYY format• Passport Number - if passport number is more than 10 characters, enter only the last 10 characters.• Country of Issuance - Country of citizenship as found on your passport.• Most Recent Date of Entry - Can be found on admission stamp located on your passport• Class of Admission – Can be found on admission stamp located in your passport (F or J status, for example)
What benefits are provided through the I-94?	An electronic I-94 number is required for immigration benefits that you may file for in the future, such as the following: <ul style="list-style-type: none">• Driver's license application/renewal• Work Authorization [OPT or OPT for F-1 students or academic training for J-1s], on-campus work including student worker positions and assistantships, etc.• Completing the I-9 Form when applying for jobs• Social Security Number applications• H-1B applications [new applications and extensions]• Numerous other immigration related benefits including change of status and permanent residency.
How long will my admission record be available on the I-94 website?	You will have access to the I-94 information until your next departure (at that point, your last entry record will become part of your travel history record). Be sure to retrieve it soon after each entry to the United States so that you can have records of all of your entries to the United States.
What if I have an error on my I-94 record?	<i>Please first consult with your international student advisor for more information if you find an error. In general, if you were admitted incorrectly to the U.S., you should visit a local CBP Deferred Inspection Site or port of entry to have your admission corrected. A list of Deferred Inspection Sites and ports of entry can be found at www.cbp.gov, under the "Ports" link at the bottom of the page. If you received an incorrect I-94 from U.S. Citizenship and Immigration Services, you should refer to Form I-102 available at www.uscis.gov/forms.</i>

INTERNATIONAL STUDENT EMERGENCY PROCEDURES

Your safety while studying at North Dakota State University is very important to us. During an emergency it is necessary for students to have a basic understanding of their personal responsibilities and the College's emergency response procedures. The Annual Security Report for policies concerning campus security, etc. at the following website:

http://www.ndsu.edu/police_safety/universitypolice/annualsecurityreport/

The website and booklet contain information regarding campus security and personal safety including topics such as: crime prevention, fire safety, university police law enforcement authority, crime reporting policies, disciplinary procedures and other matters of importance related to security and safety on campus. They also contain information about crime statistics for the three previous calendar years concerning reported crimes that occurred on campus; in certain off-campus building or property owned or controlled by NDSU; and on public property within, or immediately adjacent to and accessible from the campus.

CAMPUS EMERGENCY PROCEDURES

1. If an emergency disrupts normal campus operations or causes the College to close for a prolonged period of time, students are expected to complete the course assignments listed on the syllabus as soon as it is reasonably possible to do so.
2. Students can determine the College's operational status by checking the web site at <http://www.ndsu.edu/> or tuning into area radio and television stations. Students should assume that classes will be held unless they hear or read an official closure announcement.
