**Subject:** NDSU importance

Hello Ladies and Gentleman!

I speak as a 3 generation Farmer, Father of five kids and spokesman for ND Wheat.

My Father a NDSU engineer graduate who worked for progressive company's on the west and south coasts. Had the education provided by NDSU and returned to Farm in ND and still NDSU extension educated and informed him about modern Agriculture.

As I Father of five I only hope their desire to be in ND in Ag can be achieved.

As I attended the Japan buyers conference in Tokyo NDSU was recognized and attended by some of the attendees.

Japan is a world economy that wants to trade top quality products.

NDSU has influence in that arena from the past graduates of NDSU and the NCI programs.

Please keep the Legacy of NDSU ext in the leadership it has achieved.

NDSU Ext good for the Land good for the Life of ND Ag.

Phil Volk
