
Course Projects Proposal Sheet

Instructions: The proposal should be submitted by 9:00 a.m. on Monday, October 3. Failure to submit a proposal by the deadline will result in an assignment of a topic and presentation date.

Part I - Topics: Each student will focus on a different topic which is related to monomial ideals. The project must be focused on material not discussed in class and not be the current exact content of a student's dissertation topic. In the space below, please propose and rank your preferences in topics *from highest interest to lowest interest*. We will do our best in matching the students with the topics, but there is a chance you will not work on the topic which you rank the highest.
